I certify that I am authorized to represent my organization, and I further certify that:

1. Intelnet is applying for discounts for schools under the statutory definition of Elementary and Secondary schools found in the Elementary and Secondary Education Acts of 1965, 20 U.S.C. Sec 8801 (14) and (25), that do not operate as for-profit businesses, and do not have endowments exceeding \$50 million.
2. This school is covered by an individual or higher level technology plan that has been or will be approved by the Indiana Department of Education.
3. The services purchased at discounts provided by 47 U.S.C. Sec 254 will be used solely for educational purposes and will not be sold, resold, or transferred in consideration for money or any other thing of value.
4. Support under this program is conditional upon the school. The school will secure access to all resources including computers, staff development, software, maintenance, and electrical connections necessary to effectively use the services purchased **as well as the funds necessary to pay the undiscounted portion of all eligible services.**
5. Schools may be audited pursuant to this application and will therefore retain for five years any and all worksheets and other records, including technology plans, which the school may rely upon to provide this information to the Intelnet Commission for the consortium application.
6. The person signing below is authorized to submit this certification letter on behalf of the named organization and this person has examined this information. To the best of this person's knowledge, information, and belief, all statements of fact contained herein are true.
7. This school is eligible for support under e-Rate guidelines, and has complied with all applicable state and local laws regarding procurement of services for which support is being sought.
8. This school has complied with all USF program rules as stated on the School and Library Division (SLD) Web site at www.sl.universalservice.org/overview. Failure to do so may result in denial of discount funding and/or cancellation of funding commitment.
9. The discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.
